March 17, 2020

To our EI families and Community,

In keeping with Governor Murphy's recommendations, the Summit Speech School will be closed starting Wednesday, 3/18/2020. Our Itinerant and Preschool staff will continue to service our students via remote learning methods and our office will be open daily with shortened hours.

With guidance from the Department of Health we have suspended all Early Intervention Services from noon on March 17, 2020 until March 31, 2020. Our EI providers will be contacting families and will offer some suggested activities that can be done at home during this closure. We are hoping that the Department of Health will approve a plan in the coming days that will allow us to provide video/remote sessions for our families. Until then, we are very sorry that we will not be able to provide your child with direct services during the health crisis. We will make every effort to contact and provide support to families.

Our concern for our families' and staff members' health remains our top priority. We encourage everyone to follow the guidelines set by the department of health and we will continue to communicate any new information.

A Nuestras Familias y comunidad de la EI,

En mantenerse con las recomendaciones del Gobernador Murphy, la Escuela de Summit Speech School estará cerrado a partir del miércoles 3/18/2020. Nuestro personal Itinerante y Prescolar continuará brindando servicios a nuestros estudiantes a través de métodos de aprendizaje remoto y nuestra oficina estará abierta todos los días con un horario reducido.

Con orientación del departamento de salud, hemos suspendido todos los servicios de intervención temprano desde el mediodía del 17 de marzo de 2020 hasta el 31 marzo de 2020. Nuestros proveedores de EI se comunicaran con las familias y ofrecerá algunas actividades sugeridas que se pueden hacer en casa durante este cierre. Esperamos que el Departamento de Salud aproveche un plan en los próximos días que nos permita proporcionar video/acceso remoto a nuestras familias. Hasta entonces, lamentamos no poder brindar servicios directos a su hijo durante la crisis de salud.

Haremos todo lo posible para contactar y brindar sigue siendo nuestra principal prioridad. Alentamos a todos a seguir las pautas establecidas por el departamento de salud y continuaremos comunicando cualquier información nueva.
